

EIDE INDUSTRIES, INC. "THE SOLUTION APPROACH"

# Custom Retractable Skylights and Atrium Cover Systems

*Project: Retractable skylight system for a 45 foot diameter smoking atrium installed in Southern California*

*Mechanical skylight and atrium covering systems are just a few of the unique solutions offered by Eide Industries, Inc.*

*The unit's petal configuration is opened and closed by a hydraulic system to create this unique open-air atrium. When closed, the petals seal tightly to protect against rain and wind.*

*An outside view of a closed atrium cover system.*

*A view from inside the atrium, looking out through the open system.*

*Installation Services*
